

The latest solution for 215 kWh energy storage cabinet

Overview

Winline Technology's 215kWh liquid-cooled energy storage cabinet is an innovative solution for industrial and commercial energy management, offering peak shaving, demand-side response, and dynamic power expansion capabilities. What is his-energy's premium Battery Cabinet?

HIS-Energy's Premium Battery Cabinet Solution: Engineered for Both Outdoor (IP54 Rated) and Indoor Installations. From peak shaving and emergency power supply to powering EV charging stations, our smart HIS- EMS seamlessly manages your energy needs.

Does hisbatt 215-a come with a power inverter?

HISbatt 215-A comes with an integrated cooling system (HVAC), a fire suppression system, and a power inverter installed with the safest LFP battery cells. Besides this, our cabinet housing is crafted meticulously to withstand outdoor environmental conditions.

Does his-energy offer a turnkey battery storage solution?

At HIS-Energy our aim is to deliver our clients with fully integrated turnkey battery storage solutions. HISbatt 215-A comes with an integrated cooling system (HVAC), a fire suppression system, and a power inverter installed with the safest LFP battery cells.

How does hisbatt-215a integrate with my existing infrastructure?

HISbatt-215A integrates seamlessly with your existing infrastructure due to our intelligent and flexible HISEnergy Management System (EMS). At HIS-Energy our aim is to deliver our clients with fully integrated turnkey battery storage solutions.
