

Tool Battery Multi-function Device

Overview

What is a cordless multi tool?

A cordless multi tool is the true all-rounder of our power tool range, capable of carrying out anything from cutting and grinding to sanding and scraping. You won't even have to worry about plugs or power cables – you can work wherever the job takes you with a battery multi tool. At Toolstation, we know how important it is to be ready for anything.

Are 18V batteries good for a multi tool?

Advanced lithium-ion batteries combine with brushless motors to give you the best efficiency and longest run times. 18V batteries are often interchangeable with other compatible tools in the brand's collection too – you can buy a cordless multi tool as the tool only, or with additional battery packs and chargers.

What are the best cordless Multifunction tools?

That's why our cordless multi cutter range features the very best brands like DeWalt, Milwaukee, Makita and many more – no matter what the job, you can rely on these to get it done right. With a range of 12V and 18V power options to choose from, these cordless multifunction tools are an excellent choice for both trade and DIY work.

What is a multi-tool?

Multi-tools replace a multitude of standard tools in a compact form. The smallest models can easily be kept on a keychain or in trouser pockets without being burdensome. Even the largest models are easy to carry in a car console or a backpack.
