

# **Vietnam polycrystalline solar panels**

## Overview

---

Who makes solar panels in Vietnam?

JinkoSolar, another international solar panel manufacturer, has a significant market presence in Vietnam. The company focuses on producing high-quality solar panels that offer exceptional reliability, performance, and durability. JinkoSolar's panels are widely used across Vietnam for residential, commercial, and utility-scale solar projects. 8.

Why is the solar panel industry growing in Vietnam?

Vietnam's solar panel industry is experiencing unprecedented growth, driven by rising energy demands and the country's commitment to sustainable development. However, challenges such as supply chain disruptions, regulatory hurdles, and the need for advanced technology adoption still impede its full potential.

Who makes bifacial solar panels in Vietnam?

Jolywood, a leading manufacturer of N-type bifacial solar cells and modules, has a significant presence in Vietnam. Their high-efficiency solar panels utilize advanced technology to enhance energy generation. Jolywood's products are widely adopted in large-scale solar projects, including solar farms and industrial installations.

How big is the Vietnam solar panel market?

The Vietnam solar panel market size reached 1.2 Gigawatt in 2024. Looking forward, IMARC Group expects the market to reach 2.4 Gigawatt by 2033, exhibiting a growth rate (CAGR) of 7.87% during 2025-2033.
