What are the energy storage power stations in Dakar

Overview

When will a battery energy storage system start in Senegal?

Construction of the battery energy storage system is expected to commence in early 2024 at the Tobène substation in Thies and is expected to become operational in 2025. Once complete, it will be one of the largest of its kind in West Africa, and will help Senegal to avoid approximately 37,000 tonnes of carbon dioxide emissions each year.

Why is battery storage important in Senegal?

Battery storage offers incredible opportunities for Senegal to reap the benefits of renewables, while ensuring people get a secure, reliable supply of energy. We are excited to begin a promising new chapter in Senegal and further strengthen our work in the renewable energy sector.”.

Can LNG be used for power generation in Senegal?

The use of LNG for power generation marks a significant step in diversifying Senegal’s energy mix, following the country’s first offshore oil production at Woodside’s Sangomar development in 2024 and LNG production from the BP-led Greater Tortue Ahmeyim Phase 1 project in February 2025, developed jointly with Mauritania.

Why is the ship-to-ship LNG transfer important for Senegal's energy sector?

Ayman Bouderbela stated: “The successful completion of the ship-to-ship LNG transfer and subsequent power generation is a groundbreaking achievement for Senegal’s energy sector.” The project enhances energy reliability and supports Senegal’s growing electricity needs while prioritizing sustainable energy solutions.

What are the energy storage power stations in Dakar

[With the Launch of Walo Storage, Energy Innovation ...](#)

Dakar, Senegal, August 7, 2025 - Just one year after laying the foundation stone, Africa REN announces the commercial commissioning of Walo Storage, the first photovoltaic facility in ...

[Dakar Energy Storage Power Station BESS Standard](#)

We specialize in large-scale energy storage systems, mobile power stations, distributed generation, microgrids, containerized energy storage, photovoltaic projects, photovoltaic ...
