Winch circuit breaker factory in Brisbane

Overview

Who are HES winches Australia?

HES Winches Australia is an Australian-owned Winch manufacturing and distribution company based in Brisbane, Australia. HES Winches Australia are master distributors for TWG, manufacturers of iconic hydraulic winch brands such as Pullmaster, DP, Lantec and Tulsa Winch. HES Winches Australia are also distributors for:

Who makes the best AC electric winch?

Dinamic Oil Spa - Italian manufacturers of Industrial AC electric and planetary hydraulic winches. Gebuwin - Dutch manufacturers of high quality hand winches. Oz Winch - commercial grade AC electric hoist drum winches. HES Winches Australia works with you to develop the most efficient winch solution for your project.

What is a circuit breaker for a winch?

A circuit breaker for a winch is a device that protects the electrical system from overload. When power comes into the circuit, it automatically goes to each device in turn. It shuts off if it senses an overload. This protects the winch and any other devices connected to it from getting damaged in case of an electrical emergency.

Why should you choose HES winches Australia?

HES Winches Australia works with you to develop the most efficient winch solution for your project. If there is not a standard product that we can supply then we custom design to suit your application, we draw on our expertise from long industry experience and strong relationships with the world's leading manufacturers.
