Xiaomi Solar Air Conditioner New Energy Air Conditioner

Overview

How much does a Xiaomi air conditioner cost?

The Mijia Super Energy Saving Vertical 3 HP Air Conditioner stands as a remarkable example of Xiaomi's commitment to innovation. Priced at around 5,499 yuan (approximately \$753 or €694), this unit features a dual-cylinder compressor and dual-row condenser, achieving Super Level 1 Energy Efficiency.

Will Xiaomi's new air conditioner be released in China?

Its innovative cooling solution marks a big step towards air conditioning technology by integrating Xiaomi's own innovations while offering great value through energy efficiency and smart home integration. It shall be released exclusively in China.

Is Xiaomi's Mijia super energy saving vertical 3 hp air conditioner a good choice?

In summary, Xiaomi's Mijia Super Energy Saving Vertical 3 HP Air Conditioner is a groundbreaking addition to modern home appliances. Its commitment to energy efficiency, rapid cooling, and smart integration makes it a standout choice for consumers seeking a sustainable and efficient solution.

Does Xiaomi have a smart air conditioner?

Last year, Xiaomi debuted a surprisingly thoughtful idea in the world of home cooling: an air conditioner that blows air upward instead of straight at your face. The result was a less intrusive, more comfortable airflow that hugged the walls and ceiling—sort of like ambient cooling, but smarter.
