

Zhongfu Energy Storage Power Station

Overview

Will Tesla build a grid-scale battery energy storage station in China?

Tesla has officially signed a ¥4 billion (C\$764/US\$557 million) deal to build its first grid-scale battery energy storage station in China, leveraging its Megapack technology.

Why is Tesla building a large-scale energy storage facility in China?

Their growing use helps stabilize power grids, prevent outages, and reduce reliance on fossil fuels. This project is Tesla's first large-scale energy storage installation in China, complementing its existing automotive manufacturing presence in the city through Giga Shanghai.

What is China Kangfu International Leasing's battery storage agreement?

The agreement was inked with the Shanghai municipal government and China Kangfu International Leasing, according to a report by news agency Reuters. Utility-scale battery storage systems play a critical role in balancing electricity grids, especially in countries like China that are aggressively scaling up solar and wind installations.

Will Tesla build a battery storage facility in China?

Tesla has signed its first agreement to build a utility-scale battery storage facility in China, marking a significant step in the U.S. automaker's global energy strategy. The deal comes at a time of tense U.S.-China trade relations, which worsened after President Donald Trump imposed sweeping tariffs on Chinese goods— now on pause.

Zhongfu Energy Storage Power Station

[Great Power Partners with Sichuan Zhongfu to Lay ...](#)

By collaborating with Great Power on the 100MW/400MWh user-side energy storage project, Sichuan Zhongfu aims to further drive low-carbon practices in industrial parks, setting a ...

[Tesla to build China's biggest grid battery plant in \\$556M deal](#)

Jun 26, 2025 · Tesla has signed its first agreement to build a utility-scale battery storage facility in China, marking a significant step in the U.S. automaker's global energy strategy. The deal ...

[Zhongfu -- Industry News -- China Energy Storage Alliance](#)

Oct 21, 2025 · The project is jointly developed by Great Power, a leading company in the energy storage industry, and Henan Zhongfu High Precision Aluminum Co., Ltd (Zhongfu Aluminum), ...

[China's Kangfu Teams Up With Tesla on USD556 Million](#)

Jun 23, 2025 · Kangfu subsidiary Kang'ao Energy Technology will build a gigawatt-hour-scale standalone energy storage power station that connects to the grid in the Lingang New Area of

...

[Nearly 3 billion! Two major energy storage projects in ...](#)

Jun 9, 2025 · On June 5, the signing ceremony of Sichuan Guangyuan Economic and Technological Development Zone, Penghui Energy, Jiawei New Energy, Sichuan Zhongfu ...

Tesla Signs \$557 Million Deal to Build First Grid-Scale Megapack Energy

Jun 20, 2025 · Tesla has officially signed a ¥4 billion (C\$764/US\$557 million) deal to build its first grid-scale battery energy storage station in China, leveraging its Megapack technology. The

...

[428MWh User-Side Lithium Battery Storage Project, the ...](#)

Aug 4, 2025 · On July 30, the user-side energy storage project by Great Power and Zhongfu Green Hydro-Aluminum officially broke ground in Guangyuan. With its outstanding ...

[Tesla to Build Grid-Side Energy Storage Station in Shanghai](#)

Jun 24, 2025 · The Megafactory is dedicated to the production of energy storage products, contributing to Tesla's global energy goals. Looking ahead, Tesla expects a 50% year-on-year ...

[Zhongfu circuit industrial park energy storage](#)

The ref. [27] considers the energy-carbon relationship and constructs a two-layer carbon-oriented planning method of shared energy storage station for multiple integrated energy systems, and ...
